

timothy {t.j.} yoshimura small *****

tj@joined.space; 415-770-9139; New York City

urbanist & spatial theorist.

work

- 2024-pr GIS climate fellow @ Bloomberg Associates
Supporting the sustainability team with spatial analysis and mapping (GIS). Projects include updating London's Climate Risk Maps and working toward a new clean and healthy waterways initiative with the London Mayoral Office.
- research assistant @ Columbia GSAPP
Working with Dr. Anthony Vanky on research investigating the presence of ethnoburbs in Metro Detroit. OCR machine learning on StreetView images creates a point database of language-classified signage, where higher spatial densities suggest enclave communities.
- 2022-23 senior data analyst @ double loop games
Building dynamic data dashboards in Tableau, setting up recurring performance notifications using Python and the Slack API, writing ad-hoc SQL, and co-developing ETL infrastructure.
- 2021-22 analytics engineer @ horizon.io
Standing up a new ETL pipeline with the engineering team, writing data models in DBT, and supporting the development team with ad-hoc SQL investigations.

not work

- 2024 urban farm volunteer @ Harlem Grown
Miscellaneous agricultural work, including tilling, weeding, planting, and composting.

awards

- 2024 graduate merit scholarship 📍 Columbia GSAPP
summer fellowship 📍 Bloomberg Philanthropies
- 2013-15 NSERC USRA (x2) 📍 UBC Department of Mathematics

education

- 2025 MS urban planning @ Columbia University GSAPP
- 2019 MA digital media @ the University of British Columbia
- 2017 BSc *hons* physics, mathematics @ the University of British Columbia
